

SehatAI

Bilingual AI-Powered Health Guidance Assistant for Pakistan

Breaking Barriers, Saving Lives

Kon se Masail (Problem) Hal Kar Rahay Hain?

-  **English ki Mushkil:** Health apps are usually English-only, making them hard for local Urdu speakers.
-  **Emergency Detection:** People fail to recognize critical symptoms until it's too late.
-  **Medication Adherence:** Patients often forget dosages, which delays recovery.

 Healthcare challenges

Maslay ka Hal (The Solution)

Urdu Support

Natural communication in Urdu and Roman Urdu scripts.
